

# 4 COMMITMENTS STUDY - WORSHIP

This four-week study on the W's of quality discipleship will help us all make the most of the time that remains. Each week will challenge us to make a commitment do something new to take more ground for the Lord Jesus as The Day draws near. Let's increase the quality of our discipleship. Let's expand the reach of the gospel. As His church, let's give our highest and best for the Lord as His return draws closer.

## 2. STUDY

What is worship? How do you currently express your love and devotion to God through worship?

---

---

Read Hebrews 13:15-16. Blood sacrifices of animals, like in the Old Testament, are no longer required because of the work of Jesus Christ. From these verses, what qualities of sacrifice are pleasing to God in worship?

---

---

---

What role should sacrifice play in modern worship?

---

---

Read 2 Samuel 24:18-24. Why do you think David was so adamant that he not offer a sacrifice that cost him nothing?

---

---

---

What are the most important qualities and characteristics of a sacrifice of worship that is pleasing to God?

---

---

---

## 3. APPLY

Giving is an act of worship. When you give sacrificially, you are saying, "I am giving up something I love, for someone I love more." As you consider your current level of giving, what does this reveal about your current level of worship?

---

---

What would it take to increase your sacrificial giving to God as an act of worship?

---

---

Seek the Lord directly concerning the **amount** you will give sacrificially as an act of worship through the Closer campaign. Write a prayer below that you will pray daily as you prepare to make your commitment on the weekend of December 1-2.
